**SCHEDULE 084**

**TOTAL SOLUTIONS FOR LAW ENFORCEMENT, SECURITY, FACILITIES MANAGEMENT, FIRE,  
RESCUE, CLOTHING, MARINE CRAFT AND EMERGENCY/DISASTER RESPONSE**

Marine Craft and Equipment

**FSC GROUP: 63**

Alarm and Signal Systems, Facility Management Systems,  
Professional Security / Facility Management Services and Guard Services

**FSC CLASS: 6350, N063, R414**

Category	Description
246 35 1	Access Control Systems, Door entry control by card access, magnetic proximity - including but not limited to Biometric
246 35 2	Access Control Systems, Door entry control by touch access, dial, digital, keyboard, keypad - including but not limited to Biometric, Voice, Fingerprint, Iris, Hand Geometry, Weight
246 35 3	Access Control Systems, Parking Access Control - including but not limited to Biometric
246 36	Locking Devices - including padlocks and electronic locks not covered by SIN 246-35
246 40	Intrusion Alarms and Signal Systems - Including audible and visible warning devices (no personal alarms)
246 42 1	Facility Management Systems - (Including Accessories and Repair Parts. Computerized Systems for Surveillance, Monitoring, Controlling, Signaling and Reporting Multiple Functions. Security Functions (i.e., access control, fire detection, intrusion, etc.)
246 50	Ancillary Services relating to Security/Facility Management Systems - Including services necessary to install the system (design through startup), maintain the system (including maintenance agreements, or training). Excludes construction. See following pages.
246 51	Installation of Security/Facility Management Systems Requiring Construction.
246 52	Professional Security/Facility Management Services - including security consulting, training and facility management consulting. See following pages.
246 60 1	Security Systems Integration and Design Services - Services involving the security integration and/or

management discipline which supports security products or systems through their life cycle. Security Systems integration and design services may include, but are not limited to those associated with the design, test, production, fielding, sustainment, improvement of cost effective security and/or protection systems including the eventual disposal or salvage of these systems. Services may include studies and analysis such as - risk assessment, threat evaluation, and assessment (including resultant deliverables). Contractors may provide security or protection expertise in the pre-production or design phase of security or protection systems to ensure that the system can be supported through its life-cycle and that the infrastructure elements necessary for operational support are identified and acquired. These services may continue through the life cycle of the system or product and may include guidance, assistance and/or operational support. This includes all necessary security management elements.

**246 60 2 Security Management and Support Services** - Services providing the best practices, technologies and methodologies to plan, design, manage, operate and maintain secure and protected systems, equipment, facilities and infrastructures. Agency orders may include complete turnkey operations, maintenance and support services, or components thereof as needed to ensure secure and protected systems involving personnel security, physical access, and information security, and reduce life cycle costs. Contractor personnel carrying out these activities, to include management and operating staffs, are not involved with or responsible for the core business of the customer agency placing the order.

**246 60 3 Security System Life Cycle Support** - Services providing for design, coding, integration, testing, deploying, repair and maintenance of integrated security systems, and training across all platforms, enterprise wide, for the complete life cycle of the system.

## CUSTOMER INFORMATION

### 1a. SPECIAL ITEM NUMBERS (SIN)

**246-35 (1)** Door Entry Control by Card Access, Magnetic Proximity, etc.

**246-35 (2)** Door Entry Controlled by Touch Access, Dial, Digital Keypad, Biometric Technology to include but not limited to Voice, Fingerprint, Iris, Hand Geometry, Weight.

**246-35 (3)** Parking Access Controls.

**246-36** Locking Devices (Including Padlocks and Electronic Locks not covered by SIN 246-35).

**246-40** Intrusion Alarms and Signal Systems including audible and visual warning devices (No personal alarms).

**246-42 (1)** Facility management Systems including accessories and repair parts. Computerized systems for surveillance, monitoring, controlling, signaling and reporting multiple functions.

### **246-50 - ANCILLARY SERVICES**

Includes, but is not limited to: services necessary to install the system (from design through start-up), maintain the system (including maintenance agreements, which may not exceed the term of this contract), or training.

Ancillary Service excludes:

- Construction (construction is defined as alteration, or repair of buildings, structures, or other real property)
- Architectural Engineering Services (A&E) under the Brooks Architect-Engineers Act as stated in Federal Acquisition Regulation (FAR) Part 36. These services shall be ordered only in accordance with Part 36 and agency procedures, and shall not be included on a GSA contract order as an open market item.
- Personal services.

- Stand-alone services which are applicable to the Service Contract Act (SCA)

Contractors are responsible for the following when performing services under this SIN:

- Contractors may subcontract any ancillary services ordered under this Special Item Number, unless specifically prohibited by the contracting officer issuing the order against the Multiple Award Schedule contract.
- Contractors are responsible for insuring that the scope of work is completed and all warranties are honored.
- Subcontractors must be licensed and bonded, as applicable.
- Compliance with all local laws, regulations, and ordinances are the responsibility of the prime contractor.
- The prime contractor shall accept full responsibility and liability for all work performed by subcontractors, at any level or tier.
- The Government reserves the right to apply liquidated damages whenever the required delivery date is not met.
- Contractors are required to maintain insurance in accordance with Clause 52.228-5, Insurance – Work on a Government Installation.
- Agencies' Scope of Work will inform the Contractor of the Required insurance amounts. Clause 52.228-5 is made part of this contract by reference.
- The contracting officer for the ordering agency may insert any agency unique requirements for the job, including employee suitability determination requirements (security checks), into the scope of work.
- Contractor quotations shall specifically detail all products and services with the contract price and provide a single price for services.
- Sales of ancillary services shall not be combined or reported with the product SIN.

The ordering agency is responsible for:

- Defining and issuing the statement of work for ancillary services. Accurate definition of the scope and statement of work is essential to facilitate realistic quotations. The statement of work shall also inform the contractor of any applicable insurance requirements.
- Ordering agencies shall obtain pricing information from the schedule contractors, and will negotiate for ancillary services on an order by order basis, based on complexity and level of effort. Ancillary services shall be priced as separate line items on each order.
- Pricing of services has been determined fair and reasonable by GSA. However, ordering agencies shall make a determination that the total price is fair and reasonable based on the level of effort and the mix of labor proposed.
- Ordering agencies will comply with all appropriation laws and ensure that the correct types of funds are obligated on each order.

Reference FAR 8.4 for an explanation of ordering procedures used when purchasing through a Multiple Award Schedule contract.

All proposed services must be within the scope of this SIN on the contract. Furnish a full and detailed description of the services offered and a pricing proposal in accordance with the Services Pricing Proposal (page 03-10) of the solicitation.

OFFERORS MAY ONLY OFFER THIS SPECIAL ITEM NUMBER IN CONJUNCTION WITH SYSTEMS OFFERED UNDER THIS SCHEDULE . THE PRINCIPAL PURPOSE OF THIS SCHEDULE IS FOR THE PURCHASE OF ALARM AND SIGNAL SYSTEMS/FACILITY MANAGEMENT SYSTEMS.

#### **SIN 246-51 - INSTALLATION REQUIRING CONSTRUCTION**

(If you are offering this SIN, review clauses regarding Construction in Appendix 1 of this Attachment)

INCLUDES: Installation which requires construction.

Note: Ancillary services involving installation which do not meet the definition of construction as defined in FAR 2.101 shall be covered under SIN 246-50.

Note: This SIN specifically EXCLUDES Architectural Engineering Services (A&E) under the Brooks Architect-Engineers Act as stated in Federal Acquisition Regulation (FAR) Part 36. These services shall be ordered only in accordance with Part 36 and agency procedures, and shall not be included on a contract order as an open market item.

Contractors are responsible for the following when performing services under this SIN:

- Contractors must comply with Construction Clauses and Davis-Bacon Regulations. The clauses shown in Appendix 1 to Attachment 3 of this solicitation will apply to agency orders placed against the schedule contract.
- Compliance with all local laws, regulations and ordinances are the responsibility of the GSA prime contractor. The prime contractor shall accept full responsibility and liability for all work performed by subcontractors under a resultant contract.
- Contractors shall review the statement of work issued by the ordering agency and provide a separate quote for services to be performed under this SIN based on the ordering agency's requirements. Should the contractor not be able to meet requirement(s) in the statement of work, the contractor's quote must specifically identify the items which have not been included in the quoted price.
- Contractors must provide bonding and insurance as required by the ordering agency's statement of work.
- Contractors may serve as a prime contractor and subcontract any services, including installation or site preparation, unless specifically prohibited by the ordering contracting officer. Subcontractors must comply with any licensing and bonding requirements specified in the statement of work.
- The contractor shall be responsible, accountable and liable for all work performed, including work performed by subcontractors (at all tiers), and for ensuring the work performed is completed in accordance with the ordering agencies statement of work.
- The contractor shall ensure all warranties are honored. All construction work must be guaranteed for any defect in workmanship and materials.
- The Government reserves the right to apply liquidated damages whenever the required delivery is not met in accordance with clause 52.211-12, Liquidated Damages – Construction.

When placing orders for services under this SIN, Ordering Agencies shall follow the procedures at FAR 8.405: The ordering agency is responsible for:

- Complying with all Federal Appropriation Laws and ensuring the correct types of funds are obligated on the order.
- When construction, alteration or repair of public buildings or public works is to be performed under this SIN, Ordering Agencies must comply and ensure contractor compliance with the Construction Clauses and Davis-Bacon Regulations. See Appendix 1 of the GSA solicitation for a complete listing of the FAR and GSAM Clauses incorporated by reference for all schedule contractors awarded this SIN. Ordering agencies shall utilize these clauses as a guideline and shall incorporate the applicable clauses into the statement of work for orders issued against the Federal Supply Schedule contract. The ordering agency is responsible for including the most current version of these clauses and any other applicable clauses into the order. Clauses which require "fill-ins" shall be completed by the ordering agency. Any agency specific clauses which may apply based on agency regulations or requirements shall be incorporated in the agency task order.
- Defining and issuing the statement of work for services, including installation and site preparation. It is essential that the ordering agency's statement of work includes an accurate description of the work requirement to facilitate realistic quotations.
- The statement of work shall clearly inform the contractor of all bonding requirements and any required insurance amounts.
- The ordering agency will provide the local Davis-Bacon wage rates to contractors. Applicable wage determinations will be incorporated into the statement of work and resulting task order.
- Reviewing quotations from schedule contractors to ensure the work proposed meets the statement of work requirements. The ordering agency should request the contractor to submit fixed price quotes to perform the services.
- The ordering agency shall evaluate all responses received using the evaluation criteria provided to the schedule contractors. The ordering agency is responsible for considering the level of effort and the mix of labor proposed to perform a specific task being ordered, and for determining that the total price is reasonable.
- Performance clauses shall be modified for each job by the ordering agency.
- Administration of orders issued under this Special Item Number.
- All orders and payments must be made to the schedule contractor or their designee. Example: A contractor may designate a participating dealer to receive payment.

All proposed services must be within the contract scope. Furnish a full and detailed description of the services offered and a pricing proposal in accordance with the Services Pricing Proposal (See Pricing Proposal Attachment to this solicitation) of the solicitation. Upon award, the contract will specifically state those services accepted for this SIN.

OFFERORS MAY ONLY OFFER THIS SPECIAL ITEM NUMBER IN CONJUNCTION WITH SYSTEMS OFFERED UNDER THIS SCHEDULE. THE PRINCIPAL PURPOSE OF THIS SCHEDULE IS FOR THE PURCHASE OF ALARM AND SIGNAL SYSTEMS/FACILITY MANAGEMENT SYSTEMS.

**SIN 246-52 - PROFESSIONAL SECURITY/FACILITY MANAGEMENT SERVICES, AND SIN 246-60 (1-4) – SECURITY CONVERGENCE SERVICES**

Includes, but is not limited to:

**SIN 246-52:** Security Consulting/Training and Facility Management Consulting. Professional Services offered under this SIN shall be for the support of security systems (including access control, intrusion alarms, fire alarm systems, etc.) and Facility Management Systems (including security and energy management) only. Excludes personal services.

**SIN 246-60-1:** Security Systems Integration and Design Services. Services involving the security integration and/or management discipline which supports security products or systems through their life cycle. Security systems integration and design services may include, but are not limited to those associated with the design, test, production, fielding, sustainment, improvement of cost effective security and/or protection systems including the eventual disposal or salvage of these systems. Services may include studies and analysis such as - risk assessment, threat evaluation, and assessment (including resultant deliverables). Contractors may provide security or protection expertise in the pre-production or design phase of security or protection systems to ensure that the system can be supported through its life-cycle and that the infrastructure elements necessary for operational support are identified and acquired. These services may continue through the life cycle of the system or product and may include guidance, assistance and/or operational support. This includes all necessary security management elements.

**SIN 246-60-2:** Convergence Security Management and Support Services. Services providing the best practices, technologies and methodologies to plan, design, manage, operate and maintain secure and protected systems, equipment, facilities and infrastructures. Agency orders may include complete turnkey operations, maintenance and support services, or components thereof as needed to ensure secure and protected systems involving personnel security, physical access, and information security, and reduce life cycle costs. Contractor personnel carrying out these activities, to include management and operating staffs, are not involved with or responsible for the core business of the customer agency placing the order.

**SIN 246-60-3:** Convergence Security System Life Cycle Support. Services providing for design, coding, integration, testing, deploying, repair and maintenance of integrated security systems, and training across all platforms, enterprise wide, for the complete life cycle of the system.

Tasks for these and related services may be ordered. Orders shall be placed in accordance with FAR 8.4 – Federal Supply Schedules.

Prime contractors may subcontract services ordered under this Special Item Number unless specifically prohibited by the contracting officer issuing the delivery order against this Multiple Award Schedule contract. The prime contractor shall be responsible, accountable, and liable for all work performed by any subcontractor, level, or tier.

**246-35(1) RC, 246-35(2) RC, 246-35(3) RC, 246-36 RC, 246-40 RC, 246-42(1) RC, 246-50 RC, 246-51 RC, 246-52 RC, 246-60(1), 246-60(2), 246-60(3):**

The Defense Authorization Act of 2007 (Public Law 109-364) included Section 833 which permits GSA to open schedules up to state and local government use in response to a Presidential Declaration of a major disaster (under the Stafford Act) and to facilitate recovery from terrorism or nuclear, biological, chemical or radiological attack. **This does include advance purchasing and pre-positioning in preparation for disaster.**

State and local government entities means: the states of the United States, counties, municipalities, cities, towns, townships, tribal governments, public authorities (including public or Indian housing agencies under the United States Housing Act of 1937), school districts, colleges and other institutions of higher education, council of governments (Incorporated or not), regional or interstate government entities, or any other agency or instrumentality of the preceding entities (including any local educational agency or institution of higher education), and including legislative and judicial departments.

**246-35(1) STL, 246-35(2) STL, 246-35(3) STL, 246-36 STL, 246-40 STL, 246-42(1) STL, 246-50 STL, 246-51 STL, 246-52 STL, 246-60(1)STL, 246-60(2)STL, 246-60(3)STL:**

The Local Preparedness Acquisition Act, signed June 26, 2008, authorizes state and local governments to purchase from GSA alarm and signal systems, facility management systems, firefighting and rescue equipment, law enforcement and security equipment, marine craft and related equipment, special purpose clothing, and related services.
